Brandy received her Bachelor’s degree in Psychology and Master’s in Community Counseling from the University of Nebraska-Omaha. She has over ten years of experience working with individuals with developmental disabilities, mental health diagnoses, and behavioral challenges, starting as a behavioral health technician. In 2012, she began working as an Intensive Treatment Mobility Services (ITMS) Clinical Therapist at OMNI Behavioral Health. Brandy assessed and developed treatment plans for individuals who are dually diagnosed with a mental health disorder and an intellectual/developmental disability. In 2014 Brandy started functioning as the Training Coordinator for OMNI. She coordinated training sessions through the training initiative between the Department of Health and Human Services of Nebraska and OMNI Behavioral Health. In 2016 Brandy transitioned to the role of Director of Community Based Rehabilitation and Intervention. Brandy is responsible for managing and evaluating OMNI’s Vocational and Extended Family Homes services for individuals with Developmental Disabilities and Mental Health diagnoses.

Trainings are provided by the Department of Health and Human Services and OMNI Behavioral Health as an effort to improve the quality of life and care for people with disabilities in Nebraska.

Individuals with Intellectual and Developmental Disabilities Dually-Diagnosed with Mental Illness

Individuals with a dual diagnosis of Intellectual/Developmental Disability (I/DD) and Mental Illness represent about 30-42% of all individuals with I/DD. This training will discuss what it means to have a dual diagnosis of I/DD and Mental Illness and what common characteristics are often associated with this diagnosis. The training will also discuss risk factors, diagnostic challenges, and describe commonly diagnosed mental illnesses. Finally, it will also discuss common behaviors that individuals with this diagnosis may display and effective staff responses.

WHO IS THIS TRAINING FOR?

This training are meant for direct support professionals, service providers, residential staff, EFH providers, foster parents, teachers, paraprofessionals, administrators, nurses, people with disabilities, supervisors and anyone who works with individuals with disabilities.
