STATUTES PERTAINING TO THE MENTAL HEALTH PRACTICE ACT

38-2101. Act, how cited. Sections 38-2101 to 38-2139 shall be known and may be cited as the Mental Health Practice Act.

Source: Laws 2007, LB247, § 72; Laws 2007, LB463, § 720. Operative date December 1, 2008.

38-2102. Legislative findings. The Legislature finds that, because many mental health practitioners are not regulated in this state, anyone may offer mental health services by using an unrestricted title and that there is no means for identifying qualified practitioners, for enforcing professional standards, or for holding such practitioners accountable for their actions. Therefor the Legislature determines that, in the interest of consumer protection and for the protection of public health, safety, and welfare, individuals should be provided a means by which they can be assured that their selection of a mental health practitioner is based on sound criteria and that the activities of those persons who by any title may offer or deliver therapeutic mental health services should be regulated.

The purpose of licensing mental health practitioners is to provide for an omnibus title for such persons and to provide for associated certification of social workers, master social workers, professional counselors, and marriage and family therapists.
